

SATYAM KUMAR

FULL STACK DEVELOPER

Nalanda, Bihar, India • +91 9263633340 • satyamkaushik421@gmail.com

CAREER OBJECTIVE

Motivated and detail-oriented Full Stack Developer with strong foundations in Computer Science principles, frontend technologies, and backend integration. Certified in full-stack web development with hands-on experience in building responsive web applications, REST APIs, and database modeling. Seeking an entry-level Full Stack Developer role to contribute technical skills while building scalable web solutions.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Redux, Tailwind CSS / Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST API Development

Database: MongoDB, Mongoose

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel / Render / Netlify

Core Concepts: DBMS, OOPs, Data Structures & Algorithms (basics), Authentication (JWT)

PROJECTS

QuickPlots – Land Dealing Platform

MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Built a full-stack web application for listing, browsing, and dealing in land/plots, enabling users to post and search property listings.
- Designed RESTful APIs using Express.js and Node.js to handle listing creation, search/filter, and user requests.
- Modeled property and user data in MongoDB using Mongoose schemas for efficient querying.
- Developed a responsive React.js frontend for browsing listings, viewing details, and contacting sellers.
- Implemented user authentication and protected routes to secure listing management features.

Airbnb Clone – Property Rental Platform

MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Developed a full-stack property rental web application inspired by Airbnb, allowing users to list, browse, and book properties.
- Built RESTful APIs with Express.js and Node.js for property listings, bookings, and user management.
- Designed MongoDB schemas using Mongoose to store property, user, and booking data efficiently.
- Created a responsive React.js interface with search and filter functionality for browsing property listings.
- Implemented user authentication and CRUD operations for creating, editing, and deleting property listings.

CERTIFICATIONS

MERN Stack Development Certification | Apna College

EDUCATION

Bachelor of Computer Applications (BCA)

2024 – 2027

Semester IV (Pursuing) | Reg No: 24303313071

Senior Secondary Examination (Class 12th)

Percentage: 71.8%

Secondary School Examination (Class 10th)

Percentage: 68.2%

ADDITIONAL INFORMATION

- Actively building full-stack web applications and strengthening core software engineering concepts.
- Open to Full Stack Developer / MERN Developer internship and entry-level engineering roles.
